

AMENDED IN ASSEMBLY MARCH 31, 2005

CALIFORNIA LEGISLATURE—2005–06 REGULAR SESSION

ASSEMBLY BILL

No. 1683

Introduced by Assembly Member Shirley Horton

February 22, 2005

An act to ~~amend Section 290.46 of the Penal Code~~ add Section 6608.7 to the Welfare and Institutions Code, relating to sex offenders.

LEGISLATIVE COUNSEL'S DIGEST

AB 1683, as amended, Shirley Horton. Sex offenders: Megan's law.

Existing law requires the Director of Corrections, prior to the release of a person from custody convicted of certain crimes of a sexual nature against 2 or more victims, to refer the person to the State Department of Mental Health for evaluation. The law authorizes civil commitment for a 2-year term, as a sexually violent predator, if the person is adjudicated to be likely to engage in sexually violent criminal behavior if discharged.

Under existing law, if the Director of Mental Health determines that the committed person's diagnosed mental disorder has so changed that the person is no longer likely to commit acts of predatory sexual violence while under supervision and treatment in the community, the director is required to forward a report and recommendation for conditional release, and if the court determines that the person does not pose a danger, it is required to order a one-year community placement with an appropriate forensic conditional release program operated by the state. The law authorizes the department to contract with the county or private providers for community supervision and treatment.

Existing law, with certain exceptions, requires a nonparolee who is conditionally released under these provisions to be placed in the county of domicile. The law requires the department to notify certain persons of the proposed community placement, including, but not limited to, the sheriff or chief of police.

This bill would require the department to provide the county board of supervisors a copy of the written terms and conditions of outpatient treatment signed by the patient and a copy of the written contract entered into with any public or private person or entity to monitor or supervise the patient's outpatient placement and treatment program.

This bill would prohibit the contract between the person or entity and the department from permitting the person or entity to unilaterally alter any term or condition of outpatient treatment unless the person or entity first provides notice to the board of supervisors of the county of placement and the board first holds a public meeting regarding the proposed changes. By requiring local entities to comply with these requirements, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

~~Existing law requires the Department of Justice to make available certain information about sex offenders on an internet Web site.~~

~~This bill would make a technical, nonsubstantive change to that provision.~~

Vote: majority. Appropriation: no. Fiscal committee: ~~no~~ yes.
State-mandated local program: ~~no~~ yes.
